2014/7710/P	Victoria Pletts	11 St Paul's Mews London	21/01/2015 17:43:44	OBJ	This application should be rejected on the grounds that the applicant does NOT have outright legal ownership of the land on which they propose to build. There is currently an ongoing legal dispute between the residents/owners of the mews and the applicant over ownership of the land. Furthermore, the building proposed would cause a huge amount of inconvenience to the current owners and residents.
