2014/7803/P	Michael ShaIn	Flat 15 Walham Court 109-111 Haverstock Hill London NW3 4SD	24/01/2015 09:19:58	COMMEMP ER	I feel that the design is not consistent with the surrounding buildings. Also the proposed, new enlarged building would totally disrupt the character of England's Lane
2014/7803/P	John Shane	68 Antrim Mansions Antrim Road Belsize Park	24/01/2015 18:01:58	OBJ	<p>NEGATIVE INFRASTRUCTURAL IMPACT OF OVERLOADING THE SITE OF THE ENGLANDS LANE/ANTRIM ROAD HOSTEL AS A RESULT OF PERMITTING ANY ADDITIONAL BUILDING VOLUME ON THE SITE OF THE EXISTING HOSTEL:</p> <p>The present hostel on this site on the corner of England's Land and Antrim Road already creates significant problems for other residents in the local area in a number of ways. If permission is given for this proposed extension, adding more dwellings, this will exacerbate congestion and place additional strain on already overloaded local infrastructure, making matters worse for existing local residents and businesses. We already have too much traffic and local services are already under stress.</p> <p>NEGATIVE ARCHITECTURAL & ENVIRONMENTAL IMPACT OF THE PROPOSED EXTENSION TO THE HOSTEL:</p> <p>The present buildings on this site already form a very large, monolithic architectural mass. At the rear, where the extension is envisaged, the existing buildings overlook neighbouring properties and their gardens, and these existing buildings are also clearly visible from the neighbouring properties and their gardens. Adding the proposed extension to the rear of the existing Hostel buildings will result in an over-large, over-dominant structure that will be completely out of scale with the size of its site, a structure which will also block sunlight from the existing neighbouring properties and their gardens.</p> <p>Camden Planning should refuse to give permission to this meritless application, which, if granted, would make the already huge and dominant existing Hostel buildings totally out of proportion to the site, and add further pressures to the local area, to the great detriment of the neighbourhood and the residents of neighbouring buildings.</p>
2014/7803/P	Alastair Drake	39 Stanbury Court 99 Haverstock Hill	25/01/2015 18:12:48	OBJLETTE R	I am a resident of Stanbury Court. I object to this scheme on the basis that it increases the population density of an already dense area. It will also reduce the availability of parking in an already congested area.
