Your comments on the planning application

The developer has requested a number of changes which have already been built so this request is after the fact. I wish to vehemently object to the request for installation of a BBQ/grill in the space adjacent to our flats. The smoke from the grill will come directly onto my terrace which is next to the this side of the new building. The noise from grilling in this small space will also be very disruptive to myself as well as to flats 2 and 4 beneath me, both of which will suffer from the smoke from grilling.

I respectfully request this request to be denied.
