Re Application Ref 2014/5320/P

Dear Planning Office.

I am writing to object most strongly to this application for a rear extension at 13. Elsworths Tenace.

This is a conservation area. and all the house on this side of the tenace have bay windows at the rear, which give architectural uniformity to the rear aspect.

An extension at no. 13 will destroy the building line at the rear of the tenace.

An extension at no 13 will create a precedent for

happy for other applications for  
rear extensions which will  
completely destroy the  
architectural line at the rear  
of the terrace.

Many years ago I was told  
I'd be unlikely to receive  
planning permission to increase  
the height of the windows at  
the rear of my flat.

I hope this application will  
be rejected.

Yours faithfully  
Judith Evans

Re Application Ref 2014/5320/P

Dear Planning Dept.

Further to my earlier letter  
objective to this planning application,  
I note that there is no notice  
displayed in the terrace.

I had thought that all  
planning applications had to be  
publically displayed.

Yours faithfully

(Mrs) Judith Evans
