Jennifer Walsh, Development Control
London Borough of Camden
Town Hall
Argyle Street
London WC1H 8ND

Dear Jennifer Walsh

Application Ref: 2015/0221/P
Wharf Road Public Realm and a Section of Regent's Canal between
Maiden Lane Bridge and Pavilion G1

The Regent's Canal Conservation Area Advisory Committee comments as follows:

The paving and edge line of the tow path should be distinguished from the general paving of path, ramps and forecourt of G1 in order to emphasise that the tow path is an operational part of the canal navigation.

Revision to the plans should be made to ensure this is clear.

Yours sincerely

Anthony Richardson
Chairman, The Regent's Canal Conservation Area Advisory Committee
