Name: Hans Jacob Feder & Line Schjolden

Planning application number: 2014/7802/P
Planning application address: Weech Hall, Fortune Green Road, London, NW6 1DJ

Objections to the above planning application:

We are writing to let you know that we strongly object to the proposed planning application 2014/7802/P.

We are surprised that this application was allowed to be submitted given that the application is the same as application 2014/6457/P. The wording is slightly different as in application 2014/7802/P the wording is that of a "roof extension with associated works" instead of "additional roof floor" and "outside elevators" as per the previous application 2014/6457/P. The previous application for the work has already been rejected by Camden, thus we find that Mr Geoffrey Gay, the provider of the application, is wasting Camden time when re-submitting an application that has already been rejected.

As for our specific reasons for our objections, they remain the same as last time as of our letter date 18 November 2014 that we have included below.

We believe Camden should reject the application out of hand as it is the same as the already rejected application 2014/6457/P.

As with the last time this application was submitted, we are surprised that most of the neighbours that would be affected by the proposed building project have not been notified of this application. We believe that residents on Ingham Road, Fortune Green and Weech Road all need to be notified of this planning application.

Sincerely yours,

Hans Jacob Feder
