

PLANNING APPLICATION CONSULTATION
Application Ref : 2014/6243/P

5 January 2015

Hello!

I'm the Owner/Occupier of 120 Greencroft Gardens NW6 3PJ. Thank you so much for giving me the opportunity to raise an issue about the proposed rear extension to flat 4 113 Canfield Gardens . I just want to make a general point about light or, to be more precise, too much light ! I couldn't help noticing that 113 Canfield Gardens like 111 Canfield Gardens before them, as part of their rear extensions have installed aggressive lights that flood their gardens in the night like football grounds : sometimes I wake up in the middle of the night thinking the sun has already risen , only to discover it's only 3 am ! I believe there is a right to light . What about a right to darkness from , say, 10 pm to 7 am ?

I thank you for your attention,

With Best Wishes for the New Year,

Elena Bonzanigo
