Ref: Planning application: 2014/6978/P
36c ARKWRIGHT ROAD.

Dear Mr. Mc Donnell,
I would like to object strongly
to the above planning application,
which is likely to have a most adverse
effect on the immediate surrounding
area, in terms of damage to protected
trees, ground stability and drainage
and loss of light and amenities to
neighbouring properties.

It would also represent a significant diminution of the common asset that is Knidfield Heights communal garden, a garden that has hitherto maintained a coherent and harmonious appearance, since no conservatories or outbuildings have been built on the adjoining patios, and which is much appreciated by the residents here - many of whom have lived here for several ^{years}.

I hope therefore that you will not allow this planning application to go through

Yours sincerely,

[REDACTED]

(NINA JAGHOM).

Dear Mr McDougall
As promised I am writing to let you know the outcome of the meeting of Directors of Lindfield Heights(Hampstead) Management Ltd. where they discussed the plans for 36C Arkwright Road.
All present were against the plan for building a conservatory and no decision was taken regarding the rest of the plans submitted as the applicant Marion Bloch who was at the meeting said that she was happy to drop the plan for a conservatory and discuss with her builders a revision of the plans.
She also said that she would resubmit a revised planning application to your department and let the Directors have the revised plans in due course.
I hope that this will be of help to you.

Yours faithfully

Melvin Nelson
