2014/7754/P	Storm HD Ltd	1st - 4th Floors 15 Monmouth Street London	28/01/2015 11:18:40	COMMEM AIL	We neither support or object to this application. What we do object to is the noise created by any building work during our normal working hours. We have a sound recording studio on the first floor of 15 Monmouth Street which is crucial to the running of our business. Any hammering or drilling work in 13 Monmouth Street will prevent full use of our facility. Our normal working hours are Monday to Friday, 0900 to 1800.
