Short description of Other							
12. Foul Sewage							
Please state how foul sewage is to be disposed of:							
Septic tank Cess pit							
Other							
Are you proposing to connect to the existing drainage system?  Yes   No   Unknown							

13. Assessment of Flood Risk					
Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.)  Yes  No					
If Yes, you will need to submit an appropriate flood risk assessment to consider the risk to the proposed site.					
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?  Yes  No					
Will the proposal increase the flood risk elsewhere? Yes   No					
How will surface water be disposed of?					
Sustainable drainage system Main sewer Pond/lake					
Soakaway Existing watercourse					
14. Biodiversity and Geological Conservation					
To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.					
Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:					
a) Protected and priority species					
Yes, on the development site Yes, on land adjacent to or near the proposed development No					
b) Designated sites, important habitats or other biodiversity features					
Yes, on the development site Yes, on land adjacent to or near the proposed development No					
c) Features of geological conservation importance					
Yes, on the development site Yes, on land adjacent to or near the proposed development No					
15. Existing Use  Please describe the current use of the site:  Residential flat  Is the site currently vacant?  If Yes, please describe the last use of the site:					
Residential flat  When did this use end (if known) (DD/MM/YYYY)?  Does the proposal involve any of the following? If yes, you will need to submit an appropriate contamination assessment with your application.  Land which is known to be contaminated?  Yes  No  A proposed use that would be particularly vulnerable to the presence of contamination?  Yes  No					
16. Trees and Hedges					
Are there trees or hedges on the proposed development site?  Yes No  And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?  If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.					
17. Trade Effluent					
Does the proposal involve the need to dispose of trade effluents or waste?  Yes   No					
18. Residential Units					
Does your proposal include the gain or loss of residential units?  Yes No					
19. All Types of Development: Non-residential Floorspace  Does your proposal involve the loss, gain or change of use of non-residential floorspace?  Yes No					

20. Empio	yment
