2015/0098/P	Bernard Hunter	Flat 14 1-10 Summers Street London EC1R 5BD	01/02/2015 11:10:08 INT		I live in the residential building that is next to 144A Clerkenwell Road. There are 25 residential units in our building and many of us have been disturbed by noise from parties on the roof terrace. Our bedroom is only several meters from the roof terrace and is at the same level. I am concerned that a condenser unit might produce noise that will disturb us.
