2015/0315/P	GIORGIO GUANO	6 LANGLAND GARDENS NW36PY LONDON	02/02/2015 21:42:16	COMMNT	<p>I am concerned that should the application involve extensive digging for enlarging basement in n. 4 it could damage foundation of our house at n. 6 Langland Gardens plus erection and balustrade at n. 4 could reduce light to the ground floor of n. 6 Langland Gardens.</p> <p>I also would like to object to construction of a roof terrace which would increase noise level in close proximity of our bedrooms at n. 6 and reduce privacy for the n. 6 garden.</p> <p>for these reasons I am not in favour of proposed application.</p> <p>GIORGIO GUANO 6 LANGLAND GARDENS NW3 6PY</p>
