The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 0007\_0004, 0007\_0004\_1001, 0007\_0004\_1002, 0007\_0004\_1003, 007\_0004\_1004, 0007\_0004\_1005A, 007\_0004\_1006, 0007\_0004\_1007A, 0007\_0004\_1008, 0007\_0004\_1009, 0007\_0004\_1010, 0007\_0004\_1011, 0007\_0004\_1012.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed single storey rear extension would be subordinate in scale to the three storey host building. Although the extension would extend beyond the rear building line of the other properties in the street, given the setback of the building and a large garden area being retained, the proportions of the extensions are considered acceptable. Furthermore, the location of the extension at the rear of the property would mean limited impact on the conservation area as it would not be visible from the streetscene. The simple design is appropriate for the conservation area and the proposed use of render would match the existing building.

Due to the proposed extension's size and location, it would not harm the amenity of any adjoining residential occupiers in terms of the loss of natural light, outlook, privacy, light spill or added sense of enclosure. There would be no loss of privacy as a result of the installation of new windows to the side façade.

No objections were received prior to making this decision. The site's planning history and relevant appeal decisions were taken into account when coming to this decision. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.66 (LB's) and s.72 (CA's) of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and paragraphs 14, 17, and 56-66 and 126-141 of the National Planning Policy

Framework.
