

## 11A Sharpleshall Street – Proposed Satellite Dish

Jan 2015

DP9 Ltd  
100 Pall Mall  
London  
SW1Y 5NQ

### Design and Access Statement

#### *Proposals*

The application seeks the installation of a satellite dish at 11A Sharpleshall Street.

#### *Use*

One satellite dish will be installed which will provide satellite services for the residential property at 11A Sharpleshall Street.

#### *Amount*

One satellite dish will be installed.

#### *Layout*

The proposed location has been chosen to reduce impact on neighbouring amenity and the appearance of the conservation area.

#### *Scale*

The satellite dish will be 65cm in diameter. Once mounted it will be 120 cm high.

#### *Landscaping*

The area surrounding the satellite dish will remain a biodiverse green roof. Landscaping will therefore be unaffected.

#### *Appearance*

The satellite dish will be light grey and located appropriately so as not to impact on the appearance of the conservation area.

#### *Access*

The proposals will not alter current access provision to the site.

**Further specification details are included on the accompanying drawings.**
