Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

Flat B
36 Ingham Road
London
NW6 1DE

Proposal:

Installation of extended rear dormer and balcony, replacement of existing windows and associated works.

Drawing Nos: 493-X.201; -X.203; -X.204; -X.210; -P.203; -P204_1; & -P-210_1.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 493-X.201; -X.203; -X.204; -X.210; -P.203; -P204_1; & -P-210_1.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission. [Delegated]

The proposed dormer roof extension and associated balcony are acceptable in scale and location to the host building and of an appropriate design by virtue of their size and materials. Due to their size and location, they would not significantly harm the amenity of any adjoining residential occupiers in terms of loss of light, outlook, enclosure or privacy.

Whilst the development will have some impact in terms of the scale of the new dormer, such an extension in this location is not considered harmful to the character or appearance of the host building given that it would be only marginally larger than the existing.

No objections have been received. The sites planning history and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and paragraphs 14, 17, 66 and 126-141 of the National Planning Policy Framework.
