Description: Roof terrace.

Case Officer: Obote Hope

Date 5 February 2015

We always oppose proposals for roof terraces on top of buildings, against the skyline, and we do so here.

This proposal seeks to camouflage the terrace by not installing a balustrade or railing along its front edge; it is obvious that one would appear later when the safety of the terrace is compromised.

Our main objections remain: overlooking and noise, from a high level, and intrusion into the skyline.

Please refuse.
