Application: 2014/7413/P

Dear Ms Eimar Heavey

I wish to express my support for the above application for Central School of Speech and Drama's new building in Swiss Cottage. I welcome their intention to improve the facilities which I believe will continue to contribute to the local community of which I am a member.

I have seen the plans and model and think they are excellent and will only enhance that end of Buckland Crescent and blend in really well with the existing houses and the current Central buildings.

I do hope I am not too late with my response – apologies as I have been away since early January.

With regards,

[REDACTED]

Jane Reid
