2015/0175/L	Janet Airey	Flat 3 11 Old Square Lincoln's Inn London, WC2A 3TS	05/02/2015 00:10:25	COMMEM AIL	I am concerned about noise and disruption during these works and about working hours. Further, Stone Buildings is a narrow cul-de-sac with narrow access past the building in which I live. This work is to the entire terrace and there will be no space for works vehicles to turn or park. I would wish conditions to be attached to any grant of planning permission, limiting working hours, limiting noise and preventing works vehicles from parking in Old Square (adjacent to Stone Buildings). I am disappointed that my landlord has not discussed the proposed works with me and considered suitable measures for residents.
