| 2014/6808/P | Guy Wingate | 10 Hampstead Square London NW3 1AB | 09/02/2015 16:05:12 | SUPPRT | <p>I am writing to recommend the proposed scheme at 11 Hampstead Square.</p> <p>This is a logical proposal given that it adds access from the lower ground floor level to the rear garden - on oversight in my opinion in the original design.</p> <p>Our house is adjacent to the property and already has a similar door to the garden from the lower ground floor level (I can send a photograph if reference is needed). The proposed scheme will therefore complement the design of our own property and bring the two in line with each other.</p> |
