2014/7932/P	Nigel Steward and Mary Tinegate	The White House Keats Grove London NW3 2RT	05/02/2015 11:07:51	COMMEM AIL	We object to the dropped kerb and off street parking proposed in this Conservation Area of Hampstead Village . We also object to the removal of trees & garden shrubs etc from the roadside garden , these gardens are stated to be a feature of this road in the Conservation Area Statement & this policy was recently upheld in the St Johns Church application directly opposite to this site . Off street parking is readily available on both Keats Grove & Downshire Hill . We do not object to the alterations to the building itself .
