Dear Mr Thuaire

**2014/6845/P: Updated Verified Views A and K
The Pears Building, Royal Free London Hospital, Hampstead, NW3 2QG**

Further to my letter dated 12th December 2014 and the submission of verified views for this scheme please find enclosed an updated Accurate Visual Representations document for the Pears Building. This document has been updated to include an additional version of View A and View K (known as View A1 and View K1). All other views, including View A and View K, remain as previously submitted in December 2014 and have not been altered.

The views have been prepared to show the scheme using photographs taken in January 2015 following leaf fall from the remaining tree in Hampstead Green. This allows full views of the proposed building.

I trust the views are of use and illustrate the scheme clearly. If you have any queries, please do not hesitate to contact me as above.

Yours sincerely

A handwritten signature in black ink that reads "Savills".

Simon Myles
