Organisation	
Comment Type	Object
Postcode	NW3 6AJ
Address line 1	Flat 4,
Address line 2	2 Frognal
Address line 3	London
Postcode	NW3 6AJ

Your comments on the planning application

Looking at the plans, it has been noted that the parking area at the front of the building will be reduced with the placement of the sky-light therefore even less space will be available for the housing of the bins. Of course by splitting the ground floor flat into 2 will result in even more rubbish so posing a future health hazard and risk of pest infestation. Furthermore, the current very narrow alleyway leading to the main door for the rest of the flats of 2 Frognal will inevitably be littered with rubbish if the bins remain in their current position.  
I would suggest if this is planning application is to go ahead,

### Planning Application Details

the bin storage area should be moved to the left side of the building as you are looking at the property.

The balconies stretch too far around the building especially around the side of the building on the right-hand side as you are looking at the building. The security risk is very high due to the close proximity of the buildings next to 2 Frognal and there will be of course an inevitable increase in noise pollution.

It was noted in the previous planning application that Camden instructed a 'green roof' should be put in place facing the garden, therefore no balconies or terraces should be allowed. I hope this statement will be adhered to.
