Your comments on the planning application

I am writing to object to the Royal Free's plans for their Institute of Immunology. The proposed location and size of the planned development are unacceptable given the surrounding buildings and community. My son currently attends and soon my daughter will attend Hampstead Hill school and this development will affect their daily lives not only during the build phase but thereafter due to the increased amount of traffic, noise and pollution. Please acknowledge this letter as a strong objection to the proposed development.

yours sincerely
