Planning Application Ref 2014/7405/P
7, Boscastle Road, NW5 1EE

We have noted the revised drawings submitted on 29/1/2015 and 30/1/2015 and in particular drawing 0013, the Block plan showing impact on 9, Boscastle Road.

The impact measurement (i.e. loss of light) is not correct; stated as 1655mm (at 45 degrees angle) it is in fact 2050mm, a significant difference.

It is unclear from drawing 0013 whether the back building line of no. 9 is the same as the existing back building line of no.7. In fact no.7's existing back building line already extends 890mm beyond that of no.9

In addition, and as mentioned in our previous objection, the proposed roof line is higher than the existing extension, leading to further light loss.

Yours sincerely
