2014/2918/P	Wael Arab	29 Fairfax Place London NW6 4EJ	04/06/2014 23:33:00	OBJ	I oppose this application because I am unable to find information I need . I have already explained to you why I cannot go to town hall and why I cannot find that info. on line . I left you 2 voicemails and I email but heard nothing from you . You are never at your desk and I wonder why was this case given to you . I rang again this morning but neither you nor your manager were there so I left a message for you both . The info. I need does not require more than 5 minutes to both find and give to me over the phone . I, a severely disabled man , do not know how else I can get it . I will be making a complaint about how somebody in my situation is ignored by an equal opportunities Camden Council .
