2013/7792/P	Paul Doran	Flat 3 157 West End Lane	17/02/2015 08:21:31	OBJ	We are opposed to this if the trees are cut down and we have to over look effectively a 'construction site' for a prolonged period. We didn't move into the flat we are in to look at other flats, especially because our terrace will be looking over where the works will be undertaken. Note no drawings are available making it difficult to see what exactly the proposed works will be.
