Your comments on the planning application

This application should not go ahead - there has been a slow but consistent eradication of offices in the area in recent years. There is plenty of residential developemnts in the area e.g. a huge new development underway on St Pancras Way which will provide residential accommodation, there is the now completed Taylor Wimpey build on the canal. We need to preserve some offices in the area to add diversity of use of properties. In addition 1. there is limited parking in this area as it is, we do not need to add pressure on this by introducing yet more residents who no doubt will have cars. 2. there is no provision for bike parking nearby

as it is - the few lampposts around are already taken by bikes, so further cyclists would add to this pressure. 3. the noise and disruption in completing the build (difficult one way system/cobbled streets) means it will be noisy and disruptive to existing residents 4. refuse collection - where will they put their bins?

We do not need yet more flats - there are plenty coming up the road. Please refuse this application
