Your comments on the planning application

I am concerned about the amount of building work in the area and having to go through another summer of heavy construction work. The foundations at both properties are weak to say the least! I love my garden and am feeling very much like the goldfish , being over looked in all directions. I am concerned at the amount of light that I will loose, I have two very dense trees at the rear of my garden and now I will have added brickwork in the form of a wall and an extension.
