Correspondence or information which you send us may therefore become publicly available

Thank you for your consultation dated .

The Greater London Archaeological Advisory Service (GLAAS) provides archaeological advice to boroughs in accordance with the National Planning Policy Framework and GLAAS Charter.

Having considered the submitted document I confirm it accords with relevant standards and guidance and that it is in compliance with the condition.

I note that the archaeological mitigation will be covered by a previously agreed written scheme of investigation approved in connection with application 2008/5052/P.

The start date when known should be communicated by the archaeological practice to this office. I will conduct monitoring visits on behalf of your office.

The archaeological condition will not be fully satisfied until all works are complete, including any post-excavation assessment/analysis leading to publication.

Please do not hesitate to contact me should you require further information. This response relates solely to archaeological issues.

Please note that this response relates solely to archaeological considerations. If necessary my Inspector of Historic Buildings and Areas colleagues should be consulted separately regarding statutory matters or Borough Conservation Officer as appropriate.

Yours sincerely

Sandy Kidd
