12th December 2014

Dear Sir or Madam

3 Kidderpore Avenue Geotechnical issues

We have undertaken various tasks on behalf of the Client as part of the application for Planning Permission for the proposed new basement. This work has been directed by one of our Senior Directors, Dr. Hugh St John. Although this has not been an issue up until now, it has recently been pointed out to us that he does not possess the qualifications that the Council state that they require in their design guidance.

As you will be aware, because we regularly undertake reviews of basement applications for you, GCG do employ a number of chartered Civil Engineers and Geologists. The work carried out on this project has been undertaken by GCG and internally reviewed by suitably qualified individuals. The purpose of this letter is for me to confirm that I am happy that this work has been done to our usual standards and to a level considered appropriate to this work.

Yours sincerely
For Geotechnical Consulting Group

A Bracegirdle
