Dear Jonathan,

I've sent this on to Gideon Whittingham, senior planning officer, and the validations team to upload onto the file – Gideon returns from leave on 16<sup>th</sup> and will pick this up then.

Best,

Beth

Dear Beth,  
Just checking that Councillor Kelly's objection has been logged in for the above?

Dear Beth, please can you object on my behalf to this planning application?

I recently visited this site. I strongly object to this application for a new house and basement squeezed into a tiny space on Ferdinand Street.

It is a minute corner, between the massive 10a Belmont Street and five storey extension, on what was the garden of 10 Belmont Street and 21 Ferdinand Street.

This is a cramped and dark location and is not suitable for a home.

I believe the proposal is also in contravention of aspects of Camden's Core Strategy DP26 (inc CS5,CS14) and I strongly urge the Council to reject it.

My very best wishes  
Alison
