~~I support the application (please state reasons below)~~

I object to the application (please state reasons below)

Your comments

• Creating two dwellings within a ~~one~~ single storey basement ~~may~~ ^{will} lead to overcrowding what is not a large building. There are already 5 flats within the property:- as you can imagine it is a struggle to keep vomit away (rubbish is left outside in bins for duration of week). The more people there are living in the property the more dirt and noise there will be.

• Extending the balcony into the garden will obstruct garden view of flats facing onto it.

Please continue on extra sheets if you wish
