Dear planning officers

Application Number 2015/0471/P  
69 Torriano Avenue, NWS 259.

I am objecting to the above on grounds of overdevelopment and am particularly concerned that the privacy of Devois Cottage's kitchen/dining area would be adversely affected as the proposed development's building and balconies would look directly down onto this area of Devois Cottage through its roof light. As well as causing lack of privacy there would be noise and overshadowing implications.

A secondary concern is the probable parking problems which would be caused by the development.

Yours sincerely

  
JENNIFER BRIDGE
