I support the application (please state reasons below)
I object to the application (please state reasons below)

Your comments

Dear Sir/Madam.
Chairperson & Members of the Planning Committee

We wish to object most strongly to the above planning application which is an alteration to the original plans submitted for the construction of new premises situated at 3 Belsize Place, NW3. I would like to bring to your attention that on the new plans for 3 Belsize Place, there is no clarification of the kitchen and bathroom windows at the rear of 10 & 10½ Princess Mews NW3.

Any further height to new buildings at 3, Belsize Place would seriously block light to both Kitchen and Bathroom, which of course would be detrimental to the living standards of the inhabitants possibly under Health and Safety regulations.

To reiterate re: Clarification of Plans:
We believe this to be mandatory in writing. To quote film Director Samuel Goldwyn "Verbal agreements (assurances) are not worth the paper they are written on" !!

With due respect, Loss of Daylight please ask yourself the question: "Would you pass a planning application for a structure to be erected which would block light etc. to your bathroom and kitchen windows.?"

We sincerely trust you will take into consideration these comments and reject the planning application as it now stands.

Photograph enclosed. Yours faithfully, Mr. & Mrs. R. Davies

Please continue on extra sheets if you wish
