Subject: 2015/0462/P. 44-44a Gloucester Avenue

Dear Sir/Madam,

I live at 48 Gloucester Avenue, right next door to the above proposed development.
I would strongly like to object to the proposed development on the following grounds:

The increased size and height of the building and proposed new windows, on the side, overlooking Sunny Mews (the West elevation). This will cut out a great deal of natural light, and lead to us being increasingly overlooked. (I would not object to a development if the height of the building is not increased and only the existing building including the windows are used as they are.)

There will be a huge increase in traffic, in what is essentially a quiet street. How on earth is this going to be controlled??

Kind Regards,
Jason Walduck.
