Dear Alex

As one living close to the the site, I support its redevelopment with a quality scheme. The reluctance of the developer to engage with the local community to achieve this aim is one of the more disturbing features of this business. The current plans have only been insignificantly modified to meet local concerns. I agree fully with the Objection Report. I OBJECT to the plans under consideration. If these proceed to committee, I will support a request for a deputation.

With regards,
