Your comments

I strongly object to this planning application
firstly the over development of this site i.e. 8 flats
just because the land owners have overpaid for the site they are just cramming as many flats as they can on this site plus parking issues there is nowhere to park in this street and I am disabled myself. Can you take my objection strongly V. Nott.

I Strongly object to this Planning Application firstly the over development of this site i.e 8 flats + basements why have I got to suffer just because the owners over paid for the land and they just cramming as many flats as they can on this site plus parking issues there is nowhere to park in this street as it is. I have strongly objected about this Planning Application from the start and no one seems to be listening
