You cannot allow new large influx of people without the corresponding infrastructure. The litter, noise and further likelihood of our neighbourhood being unsafe at night st a time of increasing crime and no neighbourhood police patrolling will cause serious increase in crime.

2015/0544/P	Rupert McNeil	33 Briardale Gardens NW3 7PN	01/03/2015 13:20:00	OBJ	Dear Sir The introduction of a night club would represent a new and unwelcome use, with noise from clubbers while queuing and smoking on the street, . It would also lead to increased traffic congestion and take-up of on-street parking space. Please reject the proposed change of use.
2015/0544/P	Suzanne Kamani	flat 12 leinster mansions langland gardens NW3 6QB NW3 6QB	27/02/2015 21:01:25	OBJ	I do not think that a night club, or even a strip club for that matter, would be suitable for this area. This is a peaceful residential area. I do not particularly want to see groups of people who are loud and under the influence of alcohol, arriving or leaving a nightclub on my walk home. There are people that live along Finchley road and would be disturbed and kept awake by the loud groups of people queuing outside the club. It would not be fair to the local residents to be kept up until 4 o'clock in the morning.
