The provision of a cinema will lead to significant worsening of night time noise unless a stringent closing hour is enforced. Without local parking this will cause real problems in the area with crowding and noise, and ~~surplus~~ excessive parking demand. The plan should therefore reconsider Traffic Calming on Haverstock Hill, relaxation of the left turn ban, redesign of the junction. Cameras should be installed on Haverstock Hill approach for speeding and extra parking made available on Haverstock Hill to relieve congestion.
