Subject: Camden Street/Bonny Street scheme

Dear Alex

I live next door to the site with only Morgan House (formerly Microtime / Pulse House) intervening. I support its re-development with a quality scheme. The current plans do not meet this basic expectation. I agree with the Objection Report sent to you by Michel Foex. I OBJECT to the plans now under consideration, and if these proceed to committee, I will support a request for a deputation.

Best wishes
