

Existing dormer windows retained behind new lift shaft.

**New Lift Shaft**  
 Micro-rib insulated external cladding system - off-white colour to match adjacent off-white glazed bricks to lightwell.  
 Single ply membrane on insulation on metal deck to form flat roof to shaft.  
 New steel structure to structural engineer's specification.

Existing RWPs re-routed to suit extent of new lift shaft.

Line of extent of new lift shaft internally within Ground & Lower Ground floors.

Notes:  
 1. Do not scale  
 2. Contractor to Check all dimensions and report omissions and errors to the Architect
