Subject: 140-146 Camden Street

Dear Alex McDougall

I live on the opposite side of Bonny Street from the site. As with others I support its redevelopment with a quality scheme. The current plans do not meet this basic expectation. I agree with the Objection Report sent to you by my next door neighbour Michel Foex. I OBJECT to the plans now under consideration. If these proceed to committee, I will support a request for a deputation.

With regards,

Jennie Bird
1B Bonny Street
London NW1 9PE
