<i>My enquiry is</i>	<p>I see from Camden website that a planning application has recently been submitted for 1-9 Hargrave Place N7 0BP, site of the Admiral Mann public house, and that comments are now being invited.</p> <p>I had been expecting to receive an automatic notification of application to tyddles@btinternet.com, as i signed up some months ago to receive these. Others have also not received an auto notification. Could you have your webmaster /Planning team check why this should be.</p> <p>I understand applicant is required by law to post notices around the perimeter of site to warn neighbours/invite comments. To date no notices have been posted.</p> <p>In view of the delay in posting required notices, i would urge you to consider extending the period in which comments can be received.</p> <p>I would be grateful if you could bring these matters to the attention of colleagues in the Planning Department, as this decreases the chances of locals being aware of what is being proposed; &amp; comment should they wish to do so</p> <p>When checking the adjacent construction site at 1-7 Hargrave Place, i noted considerable damage to the paving of Hargrave Place at that address. No load spreader plates appear to be being used for construction traffic &amp; this is increasing the likelihood of slips &amp; trips on the public pavement. i have a photo should you wish to have this.</p> <p>This message has also been sent to the Localism hub via email</p> <p>George Hanna</p> <p>Mobile</p> <p></p> <p>I22c Huddleston Road London N7 0AG</p>
