2014/7851/P	Daniel Zubaida	71A Fitzjohns Avenue NW36PD	09/03/2015 11:46:44	OBJEMPER	<p>This application should be rejected as the proposed building is much to large for the site and will have an adverse effect on neighbouring properties due to the massive increase in traffic in the area. In addition, the double basement with underground carparking for 33 cars is ludicrous and may well affect the water table. Has any suitability report by an independent party (commissioned by the Council but paid for by the developers) been produced? Mature trees on the site will be destroyed.</p> <p>Many thanks</p> <p>Dan</p>
