2015/0695/P	Jennifer Skilbeck	4A King Edward Mansions	09/03/2015 16:02:29	OBJ	<p>I object to the increase in the height of the proposed development because:</p> <ol style="list-style-type: none">1. It will cut out the main source of light from the south and east into what is already a very narrow dark street2. It is an elegant street headed by two Victorian blocks, which though taller than the proposed development, are at the north end. The development will detract from the period style of the street in what Camden expects and intends to be an improving area near Tottenham Court Rd station.3. The absence of privacy bedroom to bedroom across the street. The distance is shorter than the (short) recommended distance.4. King Edward Mansions, into which the development will look, is home to a number of permanent residents who will be affected, comprising a mixture of lessees, private tenants and council tenants (not absentee owners)
