Proposal	Replace all windows with thin aluminium framed double glazed units
Comment	Yes
Observations	<p>The Gabrielle Court is ok in principle but the details of the aluminium windows looks like they could be improved. They don't mention the fabricator's name but the section shows a bulbous profile whereas it would be more in keeping if it was a slimline square profile. They are replacing 1979 single glazed aluminium windows and patio doors with double glazed.</p> <p>They are keeping the same window subdivisions whether vertical or horizontal so it is just the finer point of the profile that I think we should mention.</p> <p>Should we recommend another supplier or just say we think they should use a flatter/squarer profile not a curved one? And the door handles could also be improved.</p> <p>Danielle Tinero</p>
