The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan; K 12 14-BG; K 12 14-S; K 12 14-E(S1); K 12 14-E(S2); K 12 14-12; 426-A-001 rev A; 426-A-002; 426-A-003; 426-A-004; 426-A-005; 426-A-006; 426-A-007; & D&A Statement dated Jan 2015.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed extensions are subordinate in scale to the host buildings and of an acceptable design by virtue of their modest size and materials, which would preserve the character and appearance of the building and the surrounding conservation area. Due to their nature and location, they would not result in harm to the amenity of any adjoining residential occupiers in terms of loss of outlook, light or privacy.

Whilst the development will have some impact in terms of introducing some contemporary elements, such alterations are located at the rear and are not considered harmful to the character or appearance of the host buildings, the street scene or the Redington Froggnal Conservation Area due to their limited visibility.

No objections have been received. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.66 (LB's) and s.72 (CA's) of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and

paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework.

You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays.
