Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
138 Grafton Road
London
NW5 4BA

Proposal:
Erection of rear extension with extended roof terrace above.
Drawing Nos: Site location plan & 4x unnumbered drawings titled: Elevations and sections;
Roof plans; Existing ground floor; & Proposed ground floor.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as

possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan & 4x unnumbered drawings titled: Elevations and sections; Roof plans; Existing ground floor; & Proposed ground floor.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed extension and extended roof terrace are acceptable in scale and location to the host building and are of an appropriate design by virtue of their size and materials. Due to the height and location of the extension, it would not significantly harm the amenity of any adjoining residential occupiers in terms of loss of light or outlook.

The development would not result in any net loss of amenity space as the existing patio would be replaced by an extended roof terrace.

Although the new roof terrace would result in some harm to neighbouring amenities by reason of overlooking, it would not cause any additional harm over and above that caused by the existing roof terrace due to its location.

No objection has been received. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4 and 7.6 of the London Plan 2011; and paragraphs 14, 17 and 66 of the National Planning Policy Framework.

- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays.
