2013/7801/P	B.Shaughnessy	20 Kylemore Road London NW6 2PT	13/03/2015 19:58:54	OBJ	No matter how many amendments or revisions are made to this application for extensions, it is basically flawed in planning terms and does not comply with Permitted Development conditions as the plans indicate an overlarge new rear extension across the full width of the house, when the maximum permitted extension must not exceed ½ the width of the house (Condition A.1(h)). The applicant has tried now many times to get round neighbours reasonable and well-founded objections, refusing to design his scheme appropriately and this application should be rejected also on the grounds of a) layout & density and b) previous refusals. It is vital in this residential area where extensions and basements can be developed without taking into account their impact on other residents that Camden does not allow this to go ahead.
