Re Planning Application no 2015/0515/p

Dear Mr Tendai Mutasa,

Following our telephone conversation of March 12th regarding this request for planning consent no. **2015/0515/p**.

I see that **The Heath and Hampstead Society**, have stated **disapproval of removing the wrought iron balustrade** from the present Terrace, belonging to Flat B. **As the owner of Flat B**, I have not given my permission for it to be removed, and have asked Peter Smith to place it as the end balustrade in the new build.

Please will you notify me of any further correspondence regarding my terrace .

If possible will you answer this letter by Email, I have tried to reach you by the Email address you gave me, but it is returned each time .

Thank you for your consideration,
Shirley Gumpel
